##### **CCTP Submission Cover Page correction:**

The CCTP Submission Cover Page has been replaced with a version that includes selection boxes to indicate the program category or categories for which you are applying. The cover page is required for both the Notice of Funds Availability application and the Request for Qualifications application; a single cover page may be submitted for applications to both solicitations.

##### **CCTP Request for Qualifications correction:**

Page 10, Part V Section D Evaluation Criteria of the Request for Qualifications document calls for two sets of the Administrative Capacity documentation. Only ONE set of the Administrative Capacity documentation is required.

- Q1 Under the Notice of Funds Availability application Budget Narrative Workbook, what is considered Scope A and Scope B? Is it the type of eligible categories of the program (grant)?
- A1 **Scope A is Pre-Apprenticeship Program Services and Scope B is Apprenticeship Retention Services.**
- Q2 We have grant policies which are proprietary to our organization. We might be limited in providing some of the policies. Would you consider the application complete given this situation?
- A2 **Under the Request for Qualifications Part V, Section D, the documents and policies listed on pages 9 and 10 are required under the Code of Federal Regulations 2 CFR 200. Therefore, applicants must include all listed policies for an application to be considered complete. If an applicant is unable to provide the required policies, at minimum they must provide documentation supporting an assertion of proprietary use that would prohibit the applicant from submitting the policies, as well as a synopsis of the unsubmitted policies. If an applicant is awarded a subrecipient agreement through Worksystems copies of these policies must be provided during annual monitoring.**

- Q1 Will the CCTP grant opportunity be offered in the future? If so, how frequently will Notice of Funds Availability announcements be released?
- A1 **The CCTP grants are comprised of a variety of funding sources, and Notices of Funds Availability will be released whenever funds are made available. Applying to the program through the Request for Qualifications will provide an applicant with prequalification to apply to Notices of Funds Availability.**
